

# ***PROCLIAS Stakeholder Mapping within WG4 -TG4.2 : Current and Expected Outcomes***

**Liliana Zaharia<sup>1</sup>, Gabriela Ioana-Toroimac<sup>1</sup>, Inga Menke<sup>2</sup> and Gabriela-Adina Moroşanu<sup>3</sup>**

***1) University of Bucharest, Faculty of Geography***

***2) Climate Analytics, Berlin***

***3) Romanian Academy, Institute of Geography, Bucharest***

# WG4 SPECIFIC FOCUS

To develop communication ways and tools to address stakeholders interested in climate change impacts in different sectors.

A first step in achieving this aim

To identify potential stakeholders to be informed about the PROCLIAS outputs and, eventually, to be engaged in PROCLIAS activities.

***Task group (TG) 4.2. dedicated to stakeholder mapping***

# CURRENT OUTCOMES

**1. Design and distribution of a questionnaire/survey addressed to PROCLIAS members**

**2. Results analysis**

## Aim

To identify stakeholders in every country participating to PROCLIAS Action, which could be interested in being informed/involved about/in PROCLIAS Action scientific outputs and activities.

**Launched on June 30 2021 – Deadline July 31**

<https://www.surveymonkey.de/r/PROCLIAS>

A total of **9 questions**

**Questionnaire for stakeholder mapping - PROCLIAS internal**

**5. What kind of organisations are particularly interesting for you to cooperate with under PROCLIAS? (you can check multiple options)**

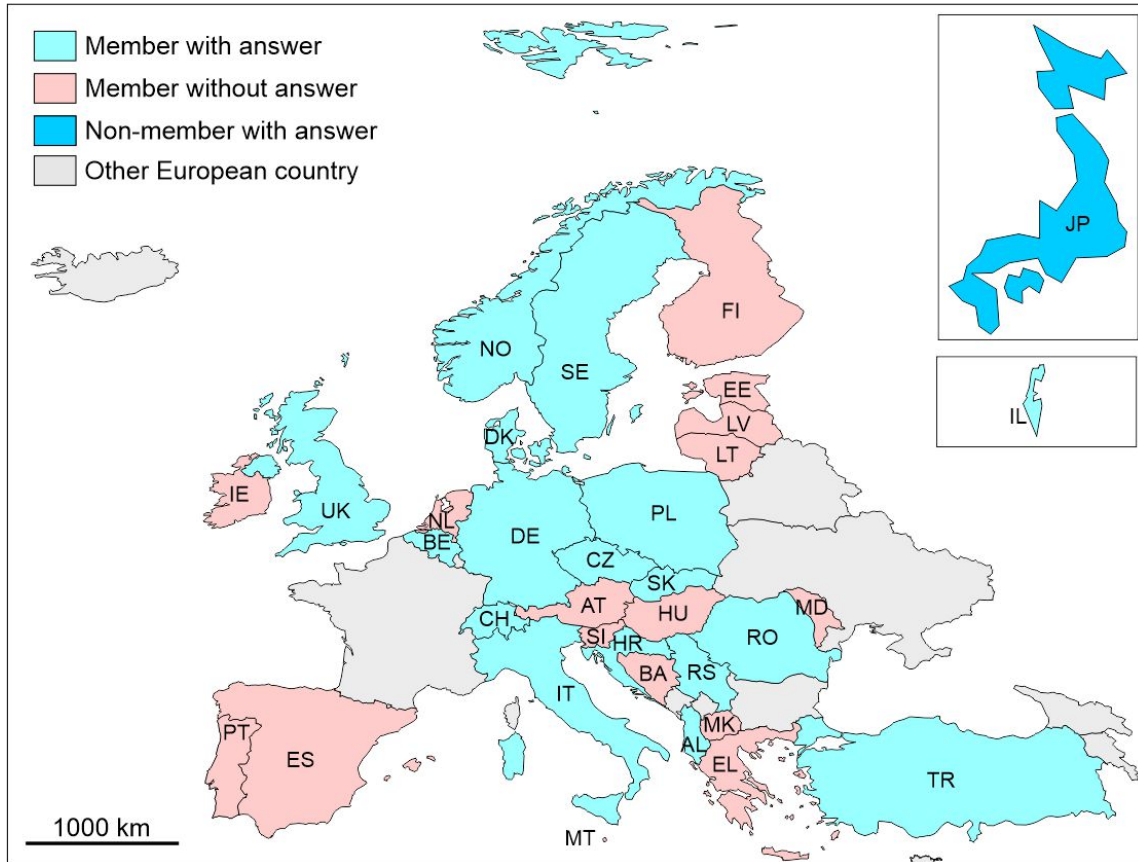

- NGOs
- National authorities
- International organisations (e.g. UN bodies)
- Research institutes
- Educational organisations
- Consultancies
- Private companies
- Other (please specify)

## 2. RESULTS ANALYSIS

### Geographical distribution of the countries involved in PROCLIAS Action and of the respondents

- 33 countries members of PROCLIAS Action\*
- 30 answers/peoples from 18 countries (one responded from Japan)
- 16 countries did not answer

### Countries that did not respond to the questionnaire

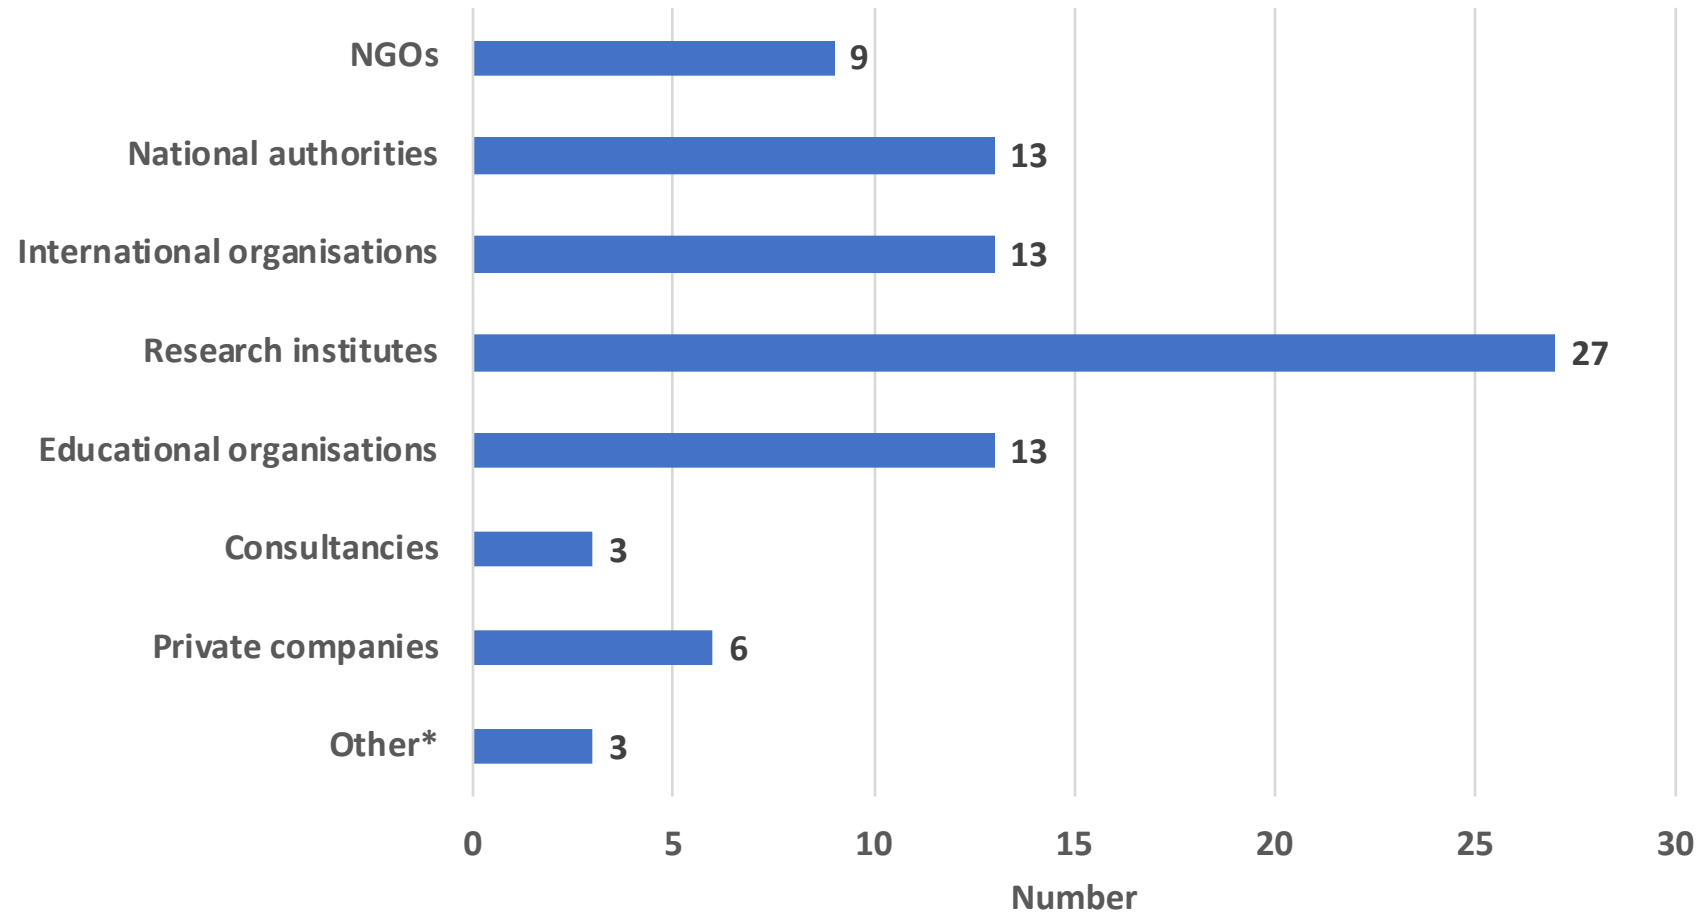

No	Country
1	Austria
2	Bosnia and Herzegovina
3	Estonia
4	Finland
5	Greece
6	Hungary
7	Ireland
8	Latvia
9	Lithuania
10	Malta
11	Moldova
12	Netherlands
13	North Macedonia
14	Portugal
15	Slovenia
16	Spain

\*according to <https://www.cost.eu/cost-action/process-based-models-for-climate-impact-attribution-across-sectors/#tabs+Name:Management%20Committee>

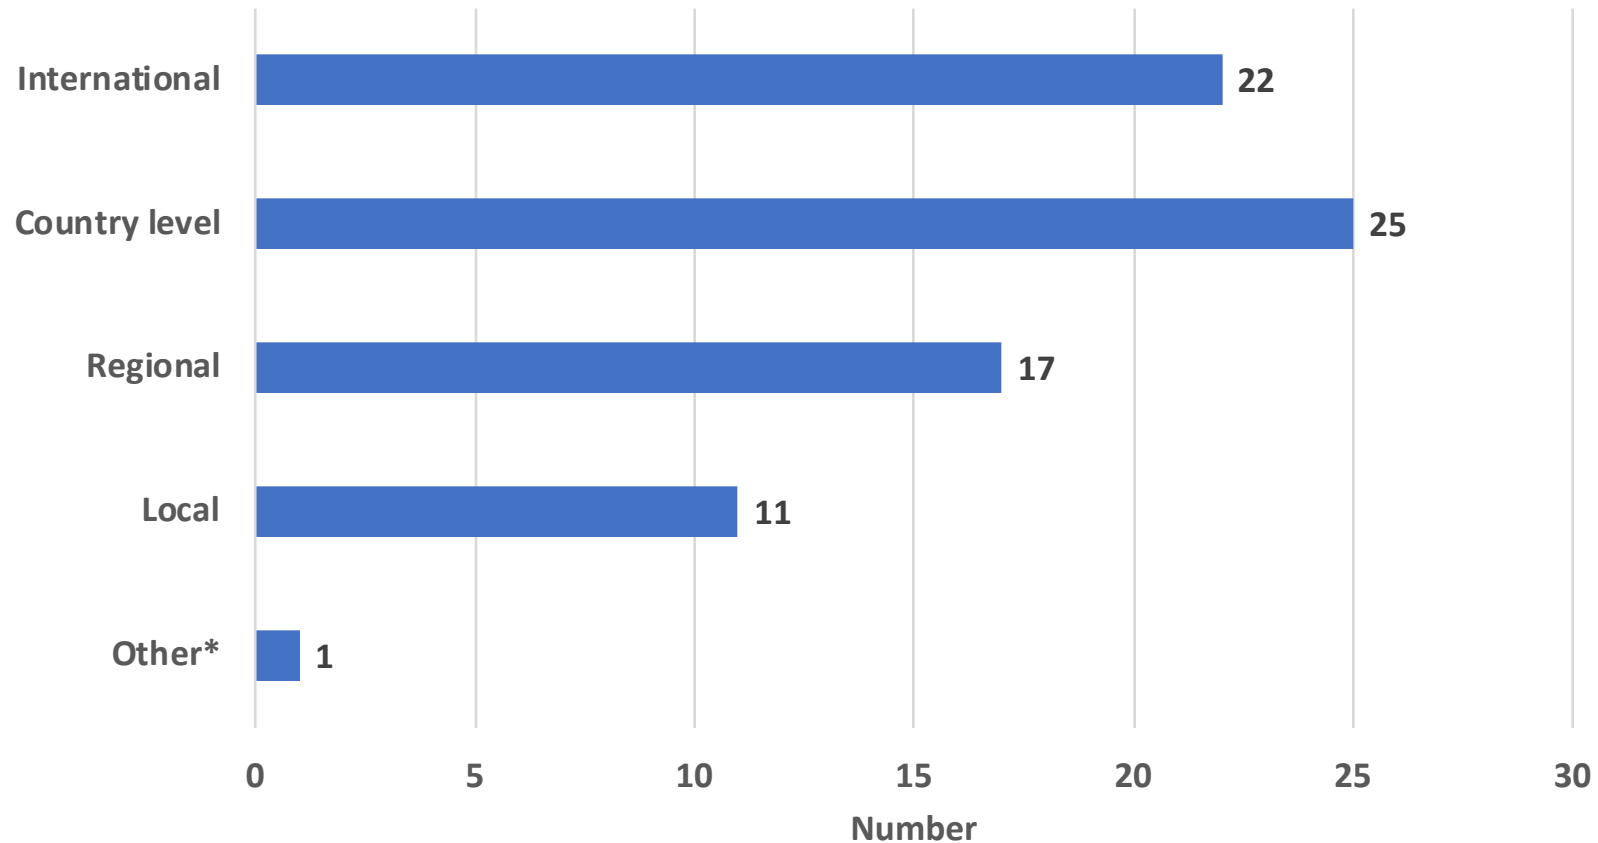

## Q5. What kind of organisations are particularly interesting for you to cooperate with under PROCLIAS ?

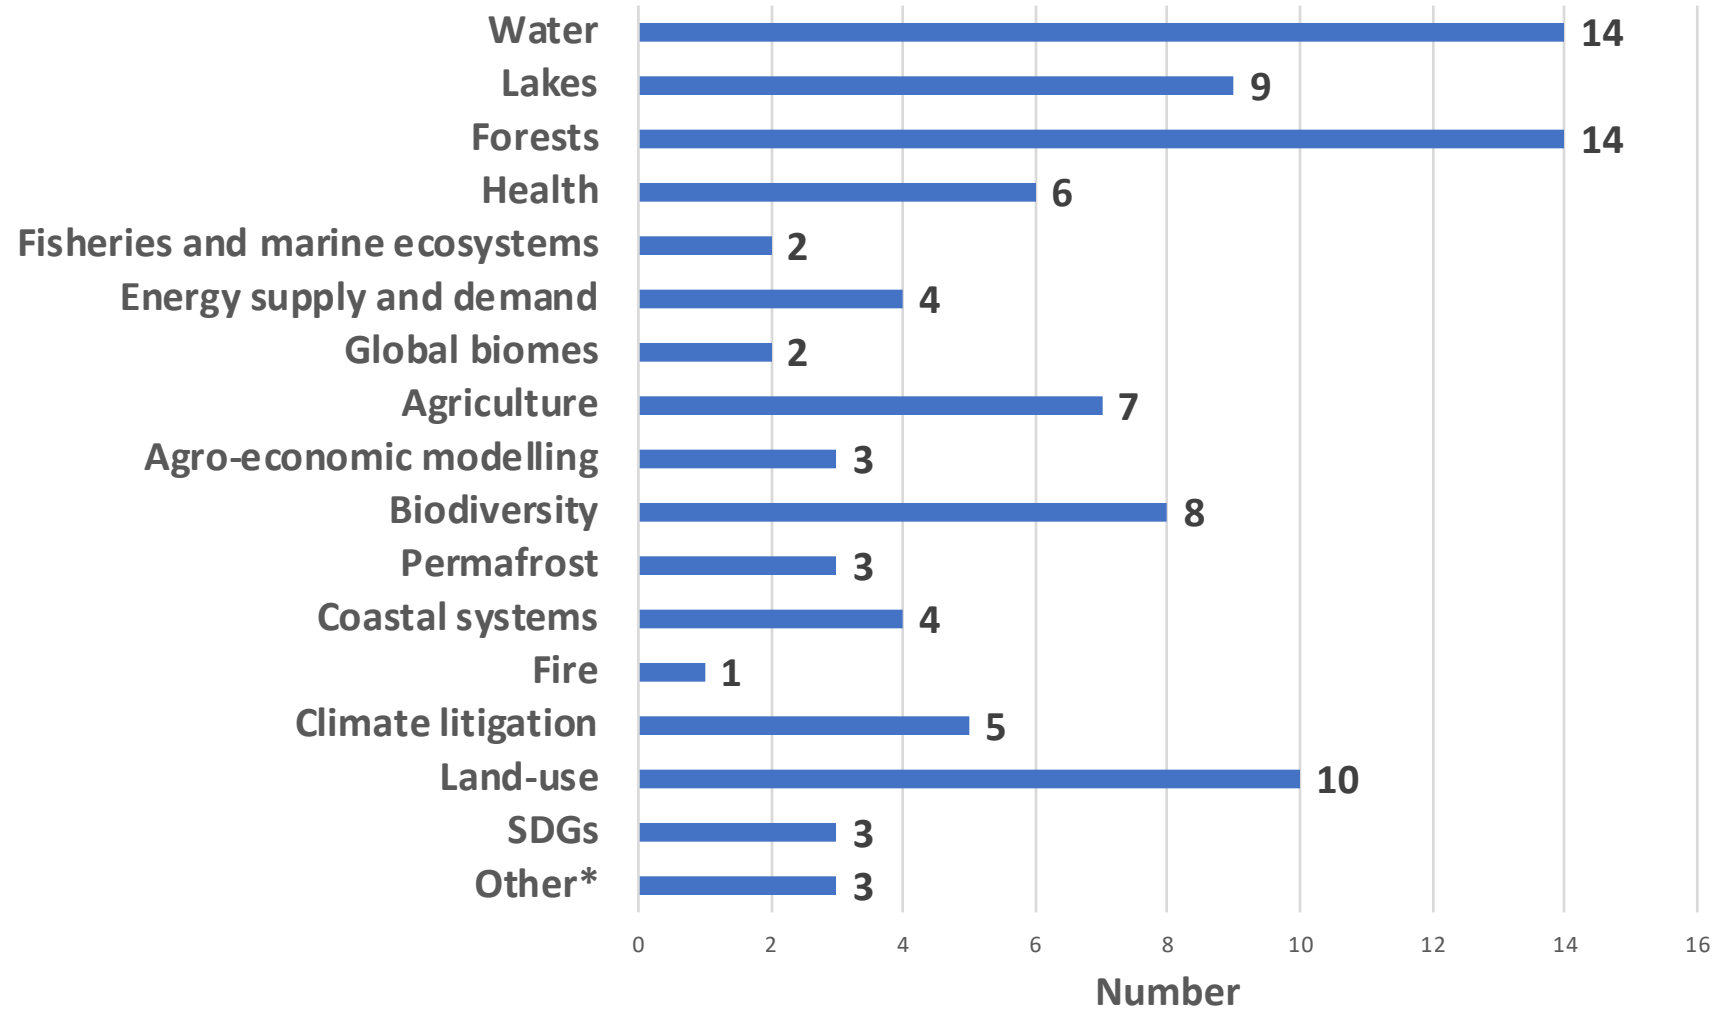

\*Other: Cantonal authorities, professional associations, freelance experts

## Q6. What geographical/spatial scale focus would be of interest for you work?

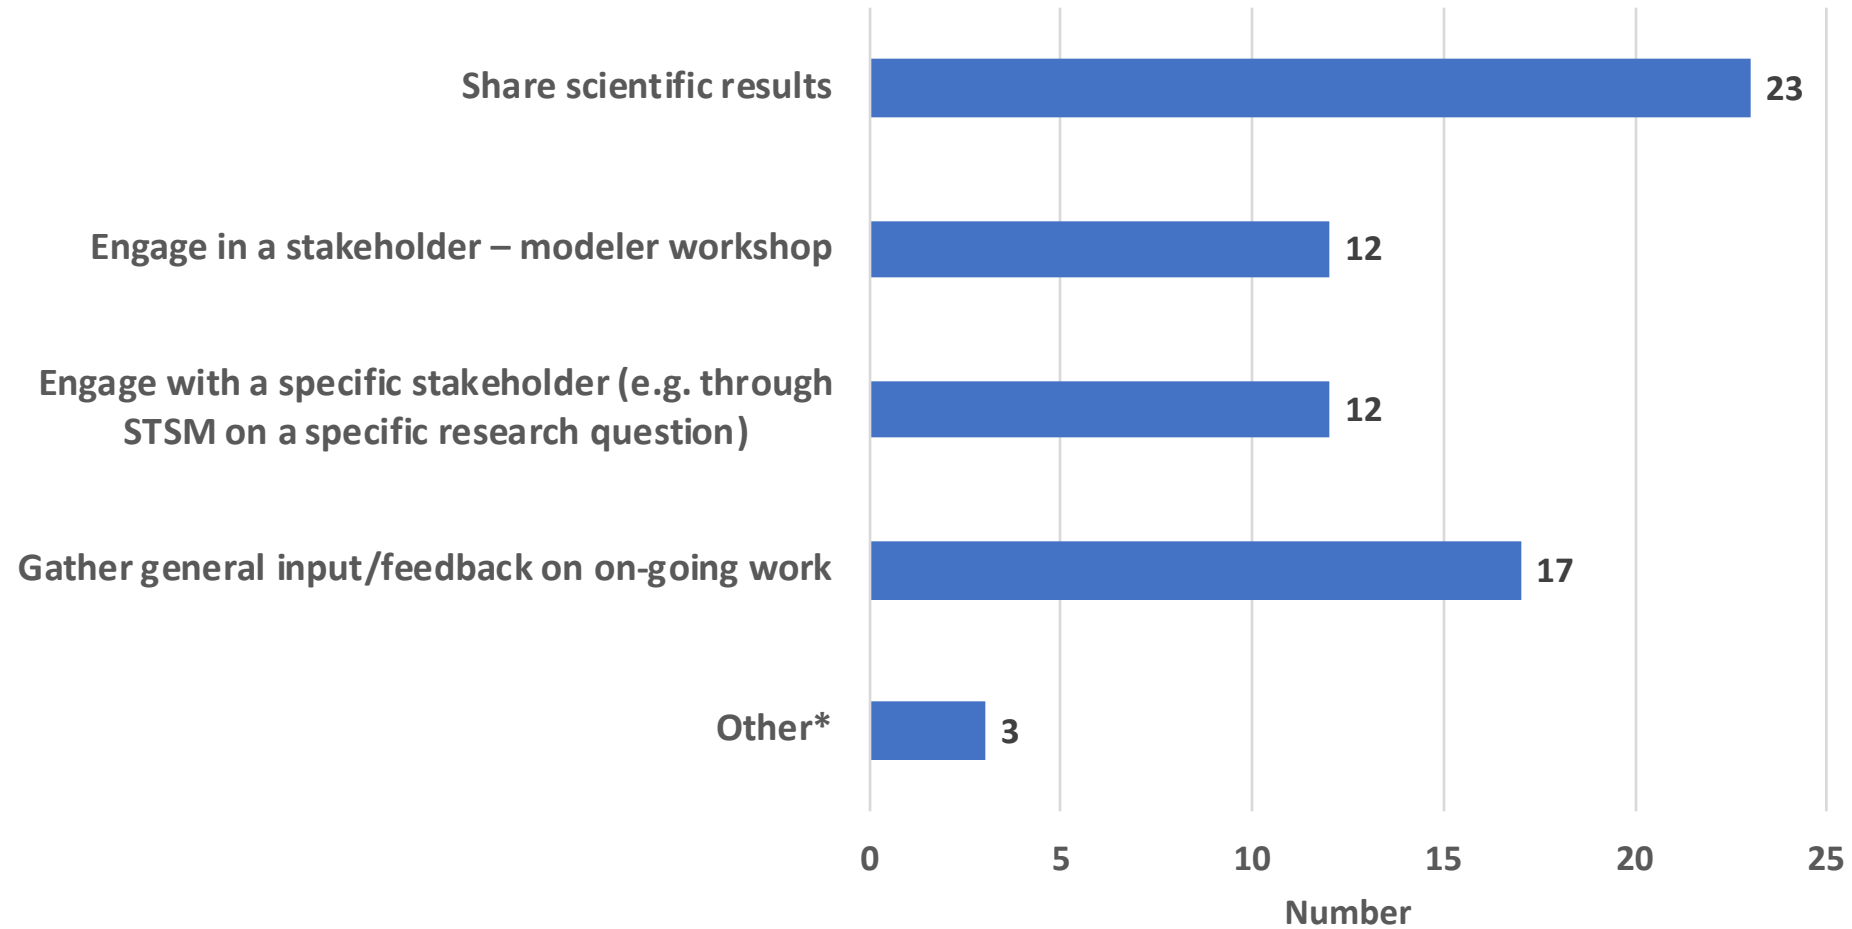

\*Other: specific sector

## Q7. Which sector(s) or wider topical focus is particularly interesting for you?

\*Other: wood sector (forests?), industrial sector, transport planning

## Q8. What type of engagement would you like to have with stakeholders?

\*Other: publications, develop climate adaptation strategies

## 9. Could you share relevant stakeholders that you have worked with or could be interested in working with?

(Please share names, email addresses and the name of the institute the person works)

- **Only 8 persons answered to this question, from 7 countries:**

Czech Republic

Denmark

Germany

Israel

Serbia

Romania

Turkey

- **Very few concrete recommendations, many without contact details.**

# CURRENT OUTCOMES

## 3. Design of a questionnaire to identify types of outputs and activities that are of interest for stakeholders engaging with PROCLIAS.

### ➤ 8 questions

Q1 - 4. Identification questions: name, e-mail, institution/ organisation and its location (city and country)

Q5. What is the type/profile of your institution/organization (9 options)

Q6. Which sector or wider topical focus is particularly interesting for you (7 options)

Q7. What type of engagement would you like to have with PROCLIAS Action (6 options)?

Q8. Any other comments

**To be lunched when we have a more comprehensive list of potential stakeholders.**

## EXPECTED OUTCOMES

- **Database with the identified stakeholders and their specific data to foster engagement with PROCLIAS members.**
- **Map(s) of the stakeholder's network to provide an overview of the interested / engaged stakeholders.**
- **Periodically updated spatial information related to the dissemination of the PROCLIAS project outputs and activities.**
- **Possibility to spread results to respective stakeholders or assess relevance of current and future research.**
- **More ideas are welcome – come join the breakout group!**

## CONCLUSION AND NEXT STEPS

Some progress has been made in TG4.2 within WG4:

1. Design and distribution of a questionnaire/survey addressed to PROCLIAS members.
2. Analysis of questionnaire results.
3. Design of a questionnaire to identify types of outputs and activities that are of interest for stakeholders engaging with PROCLIAS.

### Major problem encountered

So far, **very few** concrete recommendations for potential stakeholders were collected, many without contact details.

### Solutions/measures?

- To renew the request to fill the questionnaire by the PROCLIAS members.
- The respondents are asked to specify potential stakeholders **with concrete data allowing to contact them.**
- **Others? Proposals are welcome!**

## NEXT STEPS

- **Resend the questionnaire for PROCLIAS members.**
- **Start building the database with the identified stakeholders and drawing maps of the stakeholder's network.**
- **Share a questionnaire to the identified stakeholders to assess their interest.**
- **Get in touch with WG1 – WG3 for considering activities to involve stakeholders.**
- **Others? Proposals are welcome!**

# Thank you!

## New ideas & proposals?

Questions and proposals/ideas  
to be addressed to:

[liliana.zaharia@geo.unibuc.ro](mailto:liliana.zaharia@geo.unibuc.ro)  
[gabriela.toroimac@geo.unibuc.ro](mailto:gabriela.toroimac@geo.unibuc.ro)  
[inga.menke@climateanalytics.org](mailto:inga.menke@climateanalytics.org)  
[gabriela.adina.m@gmail.com](mailto:gabriela.adina.m@gmail.com)

**Come join the breakout  
group in parallel session 1!**

**We are waiting for your proposals by June 15 2022.**
